PROFILE

I am a dedicated BCA graduate with a solid foundation in software development and database management, proficient in Java, Python, and web technologies like HTML, CSS, and JavaScript. Along with my technical skills, I have developed strong communication and interpersonal abilities, making me effective at consulting and advising individuals in a professional setting. Seeking a Business Development Associate role where I can leverage both my technical knowledge and consultative approach to help IT professionals navigate career paths, build relationships, and contribute to a tech-forward environment.

  Board : Uttar Pradesh
  College : Swami Vivekanand Intermediate college

WORK EXPERIENCE

Fresher

PROJECTS

Portfolio Website
Technologies used: HTML, CSS, JavaScript, Database
Description: Developed a fully responsive personal portfolio website showcasing my skills, projects, and resume. Integrated a database to dynamically manage and update content.
Key Features:
- Designed a clean and intuitive user interface using HTML and CSS.
- Implemented dynamic functionality with JavaScript.
- Integrated a database to store and retrieve project data, ensuring easy content management and scalability.
